

Mini CRUCIBLE

2014

Gallery Pangolin's most exciting challenge to date has been the curation of two landmark exhibitions at Gloucester Cathedral: Crucible 2010 and the current Crucible 2. The awe-inspiring architecture of the Cathedral combined with a broad diversity of contemporary sculptures of the highest calibre creates an immensely powerful and lasting statement.

Most of the artists involved in those exhibitions however, also work on a smaller scale, and Mini Crucible provides us with the perfect opportunity to show some of these more domestic and intimate pieces. We have selected works which echo and reflect the themes and aspirations of both Crucible and Crucible 2 and hope that you enjoy exploring these quiet pathways and subtle connections.
